Emerging Trends in Multidisciplinary Mathematics, Statistics, Data Science, and Engineering: Theory and Applications

Greetings,

It gives us immense pleasure to announce that an edited book with an ISBN, e-ISBN & DOI under the title "Emerging Trends in Multidisciplinary Mathematics, Statistics, Data Science, and Engineering: Theory and Applications" is scheduled to be published in July, 2026 by the international publishing house, Cogniverse Press.

We cordially invite all academicians, scholars, and students to submit unpublished original research work that is free from plagiarism.

SUGGESTED TOPICS

- 01 Solid Mechanics, Thermolectricity and Mathematical Biology
- 02 Astrophysics, Gravitation and Cosmology
- 03 Operations Research and Supply Chain
- 04 Differential Geometry and Manifold & Gradient Estimation
- 05 Physics Informed Neural Network and related topic
- 06 Robotics and Automation, Distributed Computing and Algorithm
- 07 Statistical Theory and Applications
- 08 Scientific Computing and Numerical Methods
- 09 Data Science, Machine Learning, and Analytics
- 10 Multidisciplinary Applications in Mathematics, Statistics, Data Science, and Engineering

SUBMISSION GUIDELINES

Plagiarism should be less than 20%.

Manuscripts must not be previously published or submitted for publication.

Only the authors of the selected manuscripts will be informed through mail to deposit Rs. 600/- as a publication fee. The account details will be provided with the acceptance mail.
