

CALL FOR BOOK CHAPTERS

Recent Trends in Mathematics & Statistics: Theory & Applications

An Edited Book With ISBN, e-ISBN & DOI

ISBN • e-ISBN • DOI

By an INTERNATIONAL PUBLISHING HOUSE

We invite academicians, scholars, researchers, and students to submit unpublished original research chapters.

MAJOR AREAS

- | | | |
|---------------------------------------|--|--|
| Algebra | Fluid Mechanics | Probability Theory |
| Analysis | Fractional Calculus | Quantum Mechanics |
| Applied Statistics | Graph Theory | Queueing |
| Agricultural Statistics | Homotopy Theory in Theoretical Physics | Regression Analysis |
| Biostatistics | Machine Learning | Reliability Theory |
| Business Statistics | Mathematical Economics | Relativity |
| Chemical Graph Theory | Mathematical Logic | Sampling Theory |
| Combinatorics | Mathematical Modelling | Soft Computing |
| Control Theory | Mathematical Physics | Statistical Inference |
| Cryptography | Mathematical Statistics | Statistics in Social Science |
| Demographic Statistics | Nonlinear Algebra | Survival Analysis |
| Differential Equations | Numerical Method | Time Series Analysis |
| Distribution Theory | Operation Research | Topology |
| Dynamical System | Optimisation Theory | Fuzzy mathematics |
| Econometrics | Operator Theory | Decision Making |
| (including Agricultural Econometrics) | Plasma | Artificial intelligence & Machine learning |
| Fixed Point Theory | | |

SUBMISSION HIGHLIGHTS

- 
 Original unpublished work only
- 
 Plagiarism below 25%
- 
 Individual DOI for each chapter
- 
 E-book for contributing authors
- 
 Publication fee of Rs. 600/- after acceptance only

*The hard copy will be available for purchase at ₹500 per copy
