

ABOUT THE VOLUME

This edited volume aims to explore the evolving intersection of Artificial Intelligence, language learning, and student engagement in higher education classrooms, particularly in contexts where English functions as the primary medium of instruction. The volume will provide a scholarly platform for academicians, researchers, and practitioners working in Applied Linguistics, English Language Teaching (ELT), Educational Technology, and Higher Education

THEMATIC AREAS (Indicative, Not Exhaustive)

- AI-assisted language learning and teaching
- Student engagement in higher education classrooms
- Digital pedagogy in English language teaching
- AI tools (ChatGPT, LMS, EdTech) in language education
- Technology-enhanced classroom interaction
- Language learning in technical and professional education
- Blended and online language learning environments
- Cognitive engagement and learner motivation
- Classroom discourse and participation in AI-supported learning
- Curriculum innovation in language education

SUBMISSION PROCESS

- Selected abstracts will be invited for a full chapter submission
- Chapters will undergo review and plagiarism checking
- Final accepted chapters will be compiled and submitted to the publisher for publication with ISBN

FULL CHAPTER GUIDELINES

- Chapter Length: 3000–5000 words
- Original, unpublished work only
- Proper citations and academic referencing are mandatory
- Plagiarism must be below 25% - Report should be submitted by the author along with full paper
- Chapters will undergo editorial review before final acceptance

SCOPE OF THE VOLUME

The volume focuses on research-driven and classroom-oriented studies that address:

- AI integration in language learning
- Student engagement in English language classrooms
- Technology-mediated pedagogy in higher education
- Digital learning environments and learner interaction
- Innovation in teaching language courses for technical and non-technical students

Both theoretical and empirical chapters are welcome.

ABSTRACT SUBMISSION GUIDELINES

- Abstract Length: 150–200 words (excluding references)
- Keywords: 3–5 keywords
- Language: English (Academic Style)

The abstract should be written as a coherent academic text (1–2 paragraphs) and must naturally include:

- Title of the Chapter (clear and descriptive)
- Author Name(s), Affiliation(s), Email ID(s), ORCID ID
- Background and Context of the Study
- Purpose and Scope of the Chapter
- Approach/Methodology (theoretical, empirical, pedagogical, or case study)
- Key Arguments / Expected Findings

IMPORTANT DATES

- **Abstract Submission Deadline:** 25 March 2026
- **Abstract Acceptance Notification:** 30 March 2026
- **Full Chapter Submission Deadline:** 25 May 2026
- **Final Revised Chapter Submission:** 5 June 2026
(Along with ₹ 500 as publication fee)
- **Tentative Publication Date:** 25 June 2026

Submission Email:
dr.madhumunagala@gmail.com

Note: Only selected abstracts that align with the thematic scope of the volume will be invited for full chapter submission to ensure academic quality and coherence of the edited book. All contributing authors will receive a complimentary e-book (soft copy) of the published volume.
